EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Colene H. Blank on January 30, 2005.

The application has been amended as follows:

Claims 17-28 and 30-33 have been canceled as being directed to non-elected invention group.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

A review of applicants' arguments in amendment filed on January 18, 2006 and a review of the instant amended claims has convinced the examiner that the claims are allowable over the applied prior art of record. The prior art uncovered so far fails to teach or suggest an adhesive article comprising a release liner having a surface with an arrangement of pyramidal structures thereon that extend downward from a plane of the surface, said structures having at least three sidewalls, wherein the first and second sidewalls make an angle of alpha and beta, respectively, between 0 and 90 degrees with respect to the plane of the surface, and that the first sidewall angle alpha differs from the second sidewall angle beta by more than 10 degrees. The skewed pyramidal

depression structure provides for less air bubble entrapment and hence, higher coating speed.

Also, no evidentiary support could be provided to support the position that providing the structure with first and second sidewalls that make an angle of more than 10 degrees with respect to each other would have been obvious to one having ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nasser Ahmad whose telephone number is 571-272-1487. The examiner can normally be reached on 7:30 AM to 5:00 PM, and on alternate Friday.
